Dear Parents / Carers

I do hope that this finds you and yours well.

Please accept my thanks for your continued support of our schools. This has been a uniquely challenging time for all school staff and certainly no less so for school leaders. All school leaders in our Trust are members of our Management Board, which has been (virtually) meeting bi-weekly during this crisis.

Given the uncertain landscape we are keen to understand our current position as fully as possible in order to help us plan for a number of possible future scenarios. I am aware that many of you will have already responded to a very brief questionnaire from individual schools in respect of Year R, 1 and 6 and the partial re-opening of schools. I would ask that you help us further by completing the attached parental survey. The survey was developed in collaboration with the UCL Institute of Education, with guidance from parental NGOs and practising teachers from across England to help trust and school leaders guide their strategy for engaging parents and carers during this particularly difficult time. Edurio's Parental Engagement surveys compile research learnings on the most important parts of parental engagement and ask parents and teachers about their mutual trust and respect, expectations they hold, parental support for learning, and the schools' parental engagement. Responses are benchmarked both Trust wide and across the education sector.

The survey questions are predominantly multiple choice and can be accessed via this link: <https://edurio.com/poll/hbo9Aq> We would all be very grateful if you could spare a short amount of time to complete the survey by 5th June 2020 and help us with our future planning.

Thank you in advance

Stephen Carey
